Class Descriptions

Aqua Fit

A general water fitness class designed as a medium intensity total body workout, providing a balance of cardiovascular and muscular strength training. Easy to follow choreography with lots of options for intensity. Classes can be held in deep or shallow water.

Bootcamp

An intense, full body workout designed to build strength and improve overall fitness. This class challenges participants with variety, speed, drills, and cardio segments.

Cardio Dance Fusion

Dance Fusion is a high-energy class that combines a variety of dance styles to create a fun and effective full-body workout.

Chair Yoga

Chair yoga, a gentle form of yoga that's done while seated or using a chair for balance, makes the practice more accessible. In chair yoga, it's possible to move into poses like cat/cow, warrior, sun salutations and forward folds, all while seated.

Core Conditioning

Abs, back, hips, glutes – this class is all about functional training. Condition your core to work for you with a series of muscle strengthening exercises focusing on your core.

Cycle Fit

Cycle fit refers to the process of optimizing the settings of a bicycle for a rider's comfort, performance, and injury prevention. It involves adjusting various components like saddle height, handlebar position, and pedal placement to align with the rider's body and riding style.

Drums Alive

Drum Alive combines traditional aerobic movements with the powerful beat and rhythm. Feel and experience the pulsating rhythms, dynamic movements, and powerful percussions of this new high-energy dance and rhythm program.

Hatha Yoga

Hatha refers to the physical practice of yoga. Classes focus on breathwork, postures, relaxation, and meditation. This is an excellent class to learn the foundations of yoga in a safe and supportive environment.

HIIT

Get ready to sweat, burn, and push your limits! This High-Intensity Interval Training (HIIT) class combines short bursts of intense exercise with brief recovery periods to maximize calorie burn, improve endurance, and boost metabolism. Each session features a mix of cardio, strength, and bodyweight exercises designed to challenge all fitness levels. Whether you're looking to tone up, slim down, or just feel stronger, this fast-paced, high-energy workout delivers results — fast!

Weight training increases muscle strength, bone density and stamina at all ages. The exercises in this class are designed to enhance the ability of the participant to perform routine daily tasks and to improve posture and balance.

Zumba

A fusion of Latin and international music dance themes creating a dynamic and effective fitness workout. A one of a kind workout moving you in ways you never imagined!

Zumba Gold

Zumba Gold is a modified, lower-intensity version of the popular Zumba fitness program, specifically designed for active older adults, beginners, and those with physical limitations. It offers a fun, dance-based workout that focuses on improving cardiovascular health, flexibility, balance, and overall well-being, while being gentler on the joints.

Zumba Strong

STRONG by Zumba, now known as STRONG Nation, is a high-intensity workout program that combines bodyweight, muscle conditioning, cardio, and plyometric training moves synced to original music. It is not a dance class, but rather a HIIT (High Intensity Interval Training) workout where every move is synchronized with the music to maximize effort and motivation.

Lower Body Conditioning; Glute focused

A targeted workout designed to strengthen and tone your glutes and lower body. Through a mix of resistance exercises and functional movements, this class helps build power, improve stability, and enhance overall lower-body strength.
